ROLLFIX

Roller

Areas of application

Practical tool for pressing down evenly on the welded joint between two SOLITEX WELDANO membranes.

Supply forms

Art. no.	Contents	Weight	GTIN
16439	1 piece	0.21 kg	4026639164391

Advantages

- ✔ Silicone roller ensures a clean, smooth surface
- ✔ Good transfer of force thanks to the ergonomic grip

Made in Germany developed and produced by pro clima

The applications and conditions described here are based on current research findings and practical experience. We reserve the right to change the recommended application designs and installation methods and to develop and thus change the properties and quality of individual products. We would be glad to inform you about the current state of engineering knowledge at the time that your installation is carried out.

The planning documentation that is available from pro clima provides further information about installation methods and design details. If you have questions, please contact pro clima Technical Support in Germany at +49 6202 278245.
