

Technical data

Substance	
Material	Stainless steel

Attribute	Regulation	Value
Length		280 mm
Width		125 mm
Height		150 mm
Weight		approx. 300 g

Area of application

Application tool for particularly quick and easy application of the solvent-free adhesive primer TESCON PRIMER RP in the 1 litre dispenser bottle.

Advantages

- ✓ Quick and easy application of primers to softwood fibre, plaster, concrete and similar substrates
- ✓ Application and dispersion of the primer in one step
- ✓ Enables single-handed work
- ✓ No brush is required
- ✓ No contamination of the primer in the container
- ✓ Includes 5 foam application rollers

The information provided here is based on practical experience and the current state of knowledge. We reserve the right to make changes to the recommended designs and processing or to make alterations due to technical developments and associated improvements in the quality of our products. We would be happy to inform you of the current technical state of the art at the time you use our products.

Further information about the application and construction can be found in the pro clima planning documentation. For queries please call the pro clima technical hotline on +49 (0)6202 278245.
